Bureaucrat succeeds because it isn't afraid to ask the deepest questions." The New York Times Book Review, Editor's Choice "A joyride..." -Karen Russell NAMED A MUST READ OF THE SUMMER by the Chicago Tribune, Los Angeles Times, Bustle, The Huffington Post, BuzzFeed, HelloGiggles and more... A young wife's new job pits her against the unfeeling machinations of the universe in a first novel Ursula K. Le Guin hails as "funny, sad, scary, beautiful. I love it." In a windowless building in a remote part of town, the newly employed Josephine inputs an endless string of numbers into something known only as The Database. After a long period of joblessness, she's not inclined to question her fortune, but as the days inch by and the files stack up, Josephine feels increasingly anxious in her surroundings-the office's scarred

pinkish walls take on a living quality, the drone of keyboards echoes eerily down the long halls. When one evening her husband Joseph disappears and then returns, offering no explanation as to his whereabouts, her creeping unease shifts decidedly to dread. As other strange events build to a crescendo, the haunting truth about Josephine's work begins to take shape in her mind, even as something powerful is gathering its own form within her. She realizes that in order to save those she holds most dear, she must penetrate an institution whose tentacles seem to extend to every corner of the city and beyond. Both chilling and poignant, *The Beautiful Bureaucrat* is a novel of rare restraint and imagination. With it, Helen Phillips enters the company of Murakami, Bender, and Atwood as she twists the world we

Get Free Amazing Mind Benders 2015 Page A Day Calendar

know and shows it back to us full of meaning and wonder-luminous and new.

From the pilgrims to Las Vegas, hippie communes to the smart city, utopianism has shaped American landscapes. The Puritan small town was the New Jerusalem. Thomas Jefferson dreamed of rational farm grids. Reformers tackled slums through crusades of civic architecture. To understand American space, Alex Krieger looks to the drama of utopian ideals.

A latest installment in the popular trivia series features all-new content on high-interest topics ranging from animals and space to pop culture and nature. Simultaneous.

Did you know that a mantis shrimp can punch with the force of a 22-caliber bullet? Ever wonder how big a newborn blue whale is? Curious to know how long a whale shark actually is? Wacky, wild facts and a bright, bold design will keep struggling and reluctant readers wanting more!

Intermedial Studies provides a concise, hands-on introduction to the analysis of a broad array of texts from a variety of media – including literature, film, music, performance, news and videogames, addressing fiction and non-fiction, mass media and social media. The detailed introduction offers a short history of the field and outlines the main theoretical approaches to the field. Part I explains

Get Free Amazing Mind Benders 2015 Page A Day Calendar

the approach, examining and exemplifying the dimensions that construct every media product. The following sections offer practical examples and case studies using many examples, which will be familiar to students, from Sherlock Holmes and football, to news, vlogs and videogames. This book is the only textbook taking both a theoretical and practical approach to intermedial studies. The book will be of use to students from a variety of disciplines looking at any form of adaptation, from comparative literature to film adaptations, fan fictions and spoken performances. The book equips students with the language and understanding to confidently and competently apply their own intermedial analysis to any text.

This book explores how the pregnant body is portrayed, perceived and enacted in Shakespeare ' s and his contemporaries ' drama by means of a phenomenological analysis and a recourse to early modern popular medical discourse on reproduction. Phenomenology of pregnancy is a fairly new and radical body of philosophy that questions the post-Cartesian chasm of an almost autonomous reason and an enclosed and self-sufficient (male) body as foundations of identity. Early modern drama, as is argued, was written and staged at the backdrop of revolutionary changes in medicine and science where old and new theories on the embodied self-clashed. In this world where more and more men were expected to steadily grow isolated from their bodies, the pregnant body constituted an embattled contradiction.

Get Free Amazing Mind Benders 2015 Page A Day Calendar

Indebted to the theories of embodiment this book offers a meticulous and detailed investigation of a plethora of pregnant characters and their “pregnant embodiment” in the pre-modern works by Shakespeare, Middleton, Webster and Ford. The analysis in each chapter argues for an indivisible link between an intensely embodied experience of pregnancy as enacted in space and identity-shaping processes resulting in a more acute sense of selfhood and agency. Despite seemingly disparate experiences of the selected heroines and the repeated attempts at containment of their “unruly” bodies, the ever transforming and “spatial” pregnant identities remain loci of embodied selfhood and agency. This book provocatively argues that fictional characters’ experience reflects tangible realities of

Get Free Amazing Mind Benders 2015 Page A Day Calendar

early modern women, while often deflecting the scientific consensus on reproduction in the period.

Building on a substantial earlier literature, the chapters in this volume further advance knowledge and understanding of properties of the noun phrase in English. The empirical material for the papers includes both historical and present-day data, with the two often shedding light on each other in a process of mutual illumination. The topics addressed are: the structure of nounless NPs like the poor and the obvious; the article/zero alternation in expressions like go to (the) church; developments in the early history of adjective stacking; the semantics of N + clause units in present-day English; the history of N + BE + clause constructions; and the

Get Free Amazing Mind Benders 2015 Page A Day Calendar

decline of two anaphoric NPs in Early Modern English. The volume will appeal to scholars working in this area and will also help those interested in the general field of English grammar to keep abreast of recent methods and results in NP-related work.

This collection includes 150 word puzzles designed just for kids ages 8 to 11 that strengthen vocabulary, reward agile thinking, and reinforce the idea of using the brain. Full color. Consumable.
