Animated Performance shows how a character can seemingly 'come to life' when their movements reflect the emotional or narrative context of their situation: when they start to 'perform'. The many tips, examples and exercises from a veteran of the animation industry will help readers harness the flexibility of animation to portray a limitless variety of characters and ensure that no two performances are ever alike. More than 300 color illustrations demonstrate how animal and fantasy characters can live and move without losing their non-human qualities and interviews with Disney animators Art Babbitt, Frank Thomas, Ollie Johnston and Ellen Woodbury make this a unique insight into bringing a whole world of characters to life. New to the second edition: A new chapter with introductory exercises to introduce beginner animators to the the world of animated acting; dozens of new assignments and examples focusing on designing and animating fantasy and animal characters.

A compact, easy-to-use bird identification guide for any nature watcher on a visit to Sri Lanka, a rich and satisfying destination for watching birds with more than 430 species identified on the island. A total of 252 species is described here in detail, from the Black-rumped Flameback to the Ceylon Blue Magpie. All of these birds are clearly illustrated in a collection of specially commissioned colour photographs. With almost 300 full-colour photographs, easy-to-use thumbnail family silhouettes, a regional distribution map and handy tips on the best birding localities. Illustrated with clear colour photography and brief but authoritative descriptions the Pocket Photo Guides highlight the species of birds and animals from each region that the traveller is most likely to see, as well as those that are genuinely endemic (only to be seen in that country or region) or special rarities. The genuine pocket size allow the books to be carried around on trips and excursions and will take up minimal rucksack and suitcase space.
