[Introduction to Teaching: Making a Difference in Student Learning, Second Edition](#) is the ideal text for aspiring teachers. Acclaimed authors Gene Hall, Linda Quinn, and Donna Gollnick thoroughly prepare teacher education candidates to make a difference as teachers, presenting first-hand stories and evidence-based practices while offering a student-centered approach to learning. The authors target one of the biggest challenges facing many of today's schools—making sure that all students are learning—and help teachers make student learning the primary focus in all that they do. From true-to-life challenges that teachers will face (high-stakes testing, student learning assessments, low teacher retention, Common Core Standards) to the inspiration and joy they will discover throughout their teaching careers, this text paints a realistic picture of the real life of a teacher.

Teach is a concise introduction to education that challenges readers' preconceived notions of teaching in order to transform them into reflective practitioners. Empathizing with the difficulties students face as they move from the college classroom to their own classrooms, revered author Janice Koch invites readers to both reflect on their own dispositions for teaching and look outside of themselves to the demands of the profession, making the philosophy of teaching and learning accessible and relevant. The Fourth Edition emphasizes the changing student population and the role of technology and globalization in the field, while also including the Interstate Teacher Assessment and Support Consortium (INTASC) standards correlating with each chapter's content. With the guidance of this supportive text, readers will gain vital exposure by engaging with professional standards from the very start of their careers.
