Revolution and War in Spain, 1931-1939: Amazon.co.uk ...

1936-1939: The Spanish civil war and revolution. A short history of the Spanish civil war and revolution which broke out in response to the right-wing and fascist coup attempt of General Franco. The war lasted for three years and ended with Franco's victory, aided by fascist Italy and Nazi Germany. The revolution saw huge swathes of Spanish industry and agriculture socialised and run collectively by the workers and peasants.

1936-1939: The Spanish civil war and revolution

Read PDF Revolution And War In Spain 1931 1939

The back cover says it all: "'The Revolution and the Civil War in Spain' is a classic, indispensable account of one of the twentieth century's most decisive political conflicts." The Spanish Civil War is perhaps one of the most historiographically intense and contested periods of history.

REVOLUTION AND CIVIL WAR IN SPAIN, THE: Amazon.co.uk ...

The Revolution and the Civil War in Spain remains one of the most cogent histories of events in Spain between 1936 and 1939. In the first part of the book the great Marxist historian Pierre Broué deals with the social revolution and political evolution of the Republican zone. At the time the book was originally published in French in 1961 most histories barely mentioned the social revolution that swept half of Spain in 1936.

Revolution and war in Spain in 1936 - a battle that could ...

An account of the Spanish Revolution and the Civil War mostly from the radical left perspective of the Republican side: anarcho-syndicalists, socialists, communists. It treats the liberals, and fascists only insofar as to make the events comprehensible to the reader.

The Revolution And The Civil War In Spain by Pierre Broué

The Spanish Revolution was a workers' social revolution that began during the outbreak of the Spanish Civil War in 1936 and resulted in the widespread implementation of anarchist and more broadly libertarian socialist organizational principles throughout various portions of the country for two to three years, primarily Catalonia, Aragon, Andalusia, and parts of the Valencian Community.

Spanish Revolution of 1936 - Wikipedia

Spain's involvement in the American Revolutionary War was widely regarded as a successful one. The Spanish took a gamble in entering the war, banking on Great Britain's vulnerability caused by the effort of fighting their rebellious colonists in North America while also conducting a global war on many fronts against a coalition of major powers. This helped Spain gain some relatively easy conquests.

Spain and the American Revolutionary War - Wikipedia

Spanish Civil War, (1936 – 39), military revolt against the Republican government of Spain, supported by conservative elements within the country. When an initial military coup failed to win control of the entire country, a bloody civil war ensued, fought with great ferocity on both sides.

Read PDF Revolution And War In Spain 1931 1939

War and revolution against Napoleon's occupation led to the Spanish Constitution of 1812, promulgated by the Cortes of Cádiz, later a cornerstone of European liberalism. The burden of war destroyed the social and economic fabric of Portugal and Spain, and ushered in an era of social turbulence, increased political instability, and economic stagnation.

Revolution and War in Spain, 1931-1939 eBook by ...

By 10 July, Spain also decided to make peace, recognizing the revolutionary government and ceding the territory of Santo Domingo, but returning to the pre-war borders in Europe. This left the armies on the Pyrenees free to march east and reinforce the armies on the Alps, and the combined army overran Piedmont.

This collection of essays constitutes a magnificent monument to recent scholarship on the Second Republic and the Civil War. It is indispensable for a full understanding of the period.' - Raymond Carr

An outstanding history that shows how a promising workers' movement ended in a fascist victory. What emerges most clearly in this detailed and long out of print history, is how the popular front held back radical measures that would have galvanised the working class and peasant base of the revolution, and decisively weakened Franco's forces. Author Pierre Broue was for many years a professor of contemporary history at the Institut d'Etudes politiques in Grenoble, and was a world-renowned specialist on the Communist and international workers' movements.

This work analyses the Spanish experience of the First World War in terms of the general crisis in Europe at this time. In Spain, as elsewhere, the impact of four years of devastating conflict resulted in ideological militancy, economic dislocation and social struggle. The author examines the slow decay of the ruling Liberal Monarchy during the war years, and the failure of the neutrality policy to save the existing regime. He looks at challenges to the Administration from: - the labour movement - the bourgeoisie - the army - international powers Romero shows a politically apathetic population galvanised by the war into fierce debate about belligerence or neutrality. The debate divides the nation and the new political awareness leads to a questioning of the Administration's authority. There is also vast economic and social change, as Spain exploits its privileged position as supplier to both sides of the war. These factors lead to galloping inflation, civil unrest and political turmoil, finally resulting in the revolutionary strike of 1917.

A contemporary account of the revolution and civil war in Spain in the 1930s in which the proletariat, betrayed by its Stalinist, social democratic, and anarchist leaderships, went down to defeat under the blows of an armed fascist movement.

I.A.A.Thompson, Emeritus Fellow of the Royal Historical Society, is the author of War and Government in Habsburg Spain, a seminal study of the impact of war on the development of the state in Spain in the 16th and 17th centuries. In this volume he reprints for an English readership ten essays examining the implications for government, the financial system and Spain's position in Europe of the fundamental changes in the art and practice of war, both on land and at sea, that took place during this period. This " Military Revolution " has been one of the most contentious debates among historians for the last fifty years, but little attention has so far been paid to Spain itself, despite her predominance in Europe for much of the period. These essays are designed to correct that omission, and to assist in a fuller understanding both of the Military Revolution and of the strengths and weaknesses of the Spanish state.

The definitive work on the Spanish Civil War, a classic of modern historical scholarship and a masterful narrative.

Homage to Catalonia is George Orwell's account of the Spanish Civil War. It was the last and most mature of Orwell's documentary books.

Though the participation of France in the American Revolution is well established in the historiography, the role of Spain, France's ally, is relatively understudied and underappreciated. Spain's involvement in the conflict formed part of a global struggle between empires and directly influenced the outcome of the clash

Read PDF Revolution And War In Spain 1931 1939

between Britain and its North American colonists. Following the establishment of American independence, the Spanish empire became one of the nascent republic's most significant neighbors and, often illicitly, trading partners. Bringing together essays from a range of well-regarded historians, this volume contributes significantly to the international history of the Age of Atlantic Revolutions.

This book analyses the processes of revolution and state reconstruction that took place in the Republican zone during the Spanish civil war. It focuses on the radical anarchists who sought to advance the revolutionary agenda. Their activity came into conflict with the leaders of the libertarian organisations committed to the reconstruction of the Republican state following its near collapse in July 1936. This process implied participation not only in the organs of governance but also in the ideological reconstitution of the Republic as a patriarchal and national entity. Using original sources, the book shows that the opposition to this process was both broader and more ideologically consistent than has hitherto been assumed, and that, in spite of its heterogeneity, it united around a common revolutionary programme. This resistance to state reconstruction was informed by the essential insight of anarchism: that the function and purpose of the modern state cannot be transformed from within. By situating the struggles of the radical anarchists within the contested process of state reconstruction, the book affirms the continued relevance of this insight to the study of the Spanish revolution.
